Dear Sir or Madam:

As an entrepreneur conducting significant business in South Carolina and having invested millions of dollars in SC, I would like to tell you that I appreciate the business-friendly attitude in your state. I use Uber each time I am in Charleston and other cities as it provides a safe and reliable alternative to driving myself, particularly when entertaining for business, or when compared to the unreliable and old cabs that operate in your state.

I do not wish to think of SC as protecting the cab mafia and killing the entrepreneurial spirit! Get with it!

Thank you for your consideration,

PCH

We should have the right to choose our ancillary transportation services. This state has long been known to not heed progress for the sake of tradition and it has bound us to an incapable education system and a tourism based economy. Wake up SC!!!!

Subject: Uber regulation in SC

To whom it may concern:

My name is Rachel and I live in the downtown Charleston area. I rely on Uber as a safe, cheap and accessible alternative to taxi's or buses when I leave the peninsula. I don't own a car and if I venture further out for work or recreation I love the convenience that Uber provides knowing that I'll get where I need to go at an appropriate time and will be charged a consistent fee. I have had the misfortune of waiting over an hour for a taxi service because I missed the last bus of the day. I have also been overcharged because I was mistaken as a tourist instead of a local.

Competition is a great thing, especially in a thriving area such as Charleston. Its imperative that the state allow entities such as Uber to provide healthy competition and an alternative for those traveling or living here.

Thank you for your time, Rachel Castillo

Please reconsider banning UBER in SC. Cleaner, faster, and more reliable, Uber provides a great service to our community. Not to mention jobs.

My 84 year old grandmother relies on it to get to and from doctor appointments ON TIME. She can't do that with public transportation or taxis. Consider standing in her shoes for one day.

Many thanks,
